

2016

The State and School Employees' Health Insurance Plan

Benefit Changes

\$25 Office Visit Copay

- Applies to participants with Select Coverage
- \$25 Copay covers in-network PCP office visit charge only – no deductible or coinsurance
- PCP: family physicians, general practice physicians, gynecologists, internists, pediatricians, and registered dieticians
- Participant owes 20% of other services performed (i.e., labs, x-rays)
- Regular Plan benefits apply to out-of-office lab services
- Does not apply to specialist providers, out-of-network providers, hospital visits

Maternity Management

- 100% coverage for covered routine physician prenatal care and delivery services provided by a network physician for participants who complete the maternity management program
- Regular Plan benefits apply to hospital and anesthesiologist services
- Benefit is for the enrollee and dependent spouse
- Participants who choose not to complete the program, regular Plan benefits will apply
- Contact ActiveHealth at (866) 939-4721 for information

Imaging Services

- Pre-certification for outpatient imaging services (MRI, CT, CAT scans, etc.) will be eliminated beginning January 1, 2016

Contraceptive Coverage

- All FDA-approved generic contraceptive drugs are currently covered at no cost to participants
- Recent federal guidelines require coverage of at least one form of contraception within each method identified by the FDA, at no charge to the participant
- Coverage at 100% for certain brand contraceptives when a generic is not available or not medically appropriate
- When generic becomes available, brand copay will apply

Chiropractic Care

- Current annual limit is \$2,000 per participant
- New annual limit is 30 visits per participant
